

User Guides

For help using TCIA:

See this video introduction to TCIA:

Review the following documentation:

- [TCIA User's Guide](#) - An extensive guide documenting all of the features within TCIA.
- [Data Usage Policies and Restrictions](#) - Guidance on usage restrictions and citation guidelines.

For submitting data to TCIA:

- [Contribute Data](#) - If you're interested in providing data to host on TCIA please read about the two types of data we accept:
 - [Primary Data](#)
 - [Analysis Results](#)
- [TCIA HIPAA and PHI Compliance](#) - An overview of the implementation of DICOM de-identification standards (Attribute Confidentiality Profile – DICOM PS 3.15: Appendix E) used by TCIA.
- [Quick Start Guide: Using CTP and FileSender Software to Send Images to TCIA](#) - A quick start guide to installing CTP and transmitting images to TCIA.
- [Image Submitter Site User's Guide](#) - A detailed guide outlining the steps necessary to complete your submission to TCIA.

If you would prefer to interact with TCIA's User Support Center, we can be reached by:
