

How do I obtain a TCIA username and password?

From [TCIA's login page](#), click on the **Register Now** link. Remember that a login account is ONLY needed to save queries, create a shared list of query results, or to request permission to access private collections. Just click on "Search Images" without entering login information.

Step-by-step guide

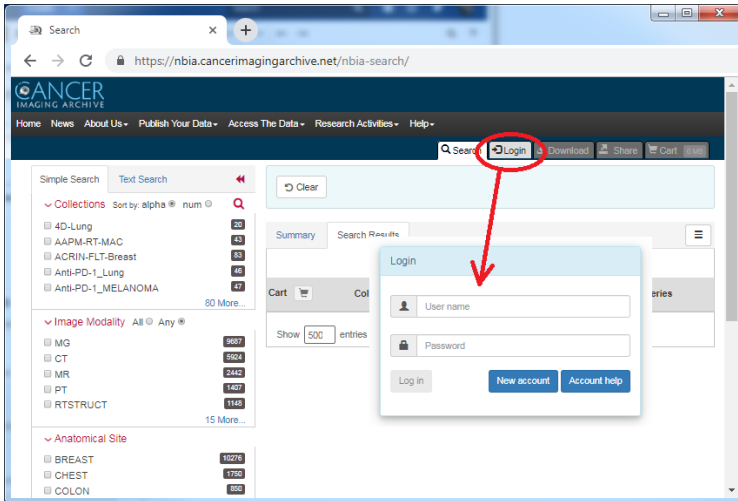

1. From [TCIA's login page](#), click on the **Register Now** link.

2. Read the Legal information including Ethical Use, [Data Usage Policies](#), and User Privacy notices, and if you agree, click the next link as in the image below:
I hereby agree when you visit our site, unless you choose
or system access if malicious actions are taken to

3. Verify you're not a robot by entering the CAPTCHA.
4. Enter your information.
 - a. Please note, choose a login that does not contain the special character `.` as part of your **username**
 - b. There are guidelines at the top of the page for a strong **password**. Please follow these guidelines.
 - c. Click **Create**.
5. You will be sent a confirmation email with a long string. Follow the replying instructions.
6. If you are creating an account to gain access to Limited-Access Collections, you must also TEST your login here: <https://nbia.cancerimagingarchive.net/nbia-search/>

If you have any trouble, please contact the helpdesk at help@cancerimagingarchive.net or at (385)ASK-TCIA by vox or SMS.
