Accessing TCIA data

Review the following documentation:

- TCIA Radiology Portal User's Guide - An extensive guide documenting all of the features of the TCIA Radiology Portal.
- Data Usage Policies and Restrictions - Guidance on usage restrictions and citation guidelines.
- Creating a TCIA Account - Create your TCIA account as the first step in requesting access to Limited data.

Reproduced from https://wiki.cancerimagingarchive.net

Submitting Data to TCIA

- Contribute Data - If you're interested in providing data to host on TCIA please read about the two types of data we accept:
  - New TCIA Dataset
  - Analyses of Existing TCIA Datasets
- TCIA HIPAA and PHI Compliance - An overview of the implementation of DICOM de-identification standards (Attribute Confidentiality Profile – DICOM PS 3.15: Appendix E) used by TCIA.
- Quick Start Guide: Using TCIA's CTP based Submission Wizard Software to Submit Images - A quick start guide to installing the Submission Wizard and transmitting images to TCIA.
- How to Submit Histopathology Data to TCIA - A quick start guide for transmitting histopathology images to TCIA.
